PROFILE

3D Modeler specialized in stylized characters and assets, with production experience on animated series and advertising spots. Strong command of the full asset pipeline: high-resolution sculpting, retopology, UV unwrapping, and texturing. Focused on meeting technical standards and delivering assets that are animation-ready.

WORK EXPERIENCE

Exodo Animation Studios — 3D Modeler

Dic 2025 – Mar 2026

- Modeling, sculpting, retopology, and UVs for props, vehicles, and characters for a stylized animated series.
- Preparation and optimization of assets for the production pipeline.
- Coordination with rigging and animation teams.

Matte CG — 3D Modeler

Abr 2025 – Sep 2025

- Sculpting, modeling, retopology, and texturing of 3D characters for an animated advertising spot.
- Delivery of optimized assets within client deadlines and technical standards.

EDUCATION

Degree in Animation Design and Digital Art — IGAD

Institute of Digital Graphic Arts · 2023 – 2026
